FOR CURRENT PRICING.

SEVEN YEARS!

We've now been open in Cambridge for nearly seven years. When we first opened, we could hardly imagine the support and encouragement we would receive from our local community.

Thanks to all of you, we are growing and thriving and able to help more children than ever before.

We've been delighted that so many of you have recommended us to your friends and for a big 'thank you', look at the below at the 'recommend a friend' offer.

TEACHERS

As you know, having great teachers is perhaps the most important element in what we do. We like to work with

enthusiastic teachers, who enjoy the opportunity to work closely with children, week after week, and get a real thrill from watching them improve in ability and confidence. We think we have a wonderful team, but we're always looking for new teachers who fit this profile. If you know anyone you think would be a great Kip McGrath teacher, do tell them about us!

Remember, all our teachers are fully qualified and P.G.C.E trained.

RECOGNITION FROM SCHOOLS

Schools and teachers are now seeing the results of children who've been with us, and have started to approach us to find out more. There are now a number of schools and individual SENCOs who

actively recommend us to parents looking for extra support. We often work in close collaboration with class teachers and everything we do is fully in line with the National Curriculum. We number several Cambridgeshire Head teachers among our parents.

FOOD AND DRINK

Just a quick reminder that we do always provide squash (low sugar) and biscuits for children during their sessions. We would be very grateful if you could ensure that your children don't bring in fizzy drinks, sweets or chocolate. If your child has special dietary requirements, do let us know.

RANGE AND RESULTS

As many of you will know, our numeracy and literacy programmes for children aged 6 to 16, are all based on an individual assessment. This hugely important step means we really can help children with a very wide range of needs; from difficulties with spelling or fractions, to fine-tuning for that independent school exam.

RECOMMEND A FRIEND & GET A FREE SESSION!

Many of you have recommended us to your friends, who've subsequently joined up. This is now one of the main reasons our centres stay happy and healthy and we'd like to say a big thank you.

So, we'll give you a **FREE** session for every child who joins up on your recommendation.

Just give them this form to bring to their free assessment.
